Competitive merit award

University Honors, The Ohio State University, 2023 — 2027

Dean's List, The Ohio State University, every semester 2023 — Present

RESEARCH INTERESTS

My research interests focus on the field of consumer behavior. I am particularly intrigued by the cognitive biases and social-psychological processes which affect attitudes and decision-making. I am also interested in the influence of persuasive messaging on people's beliefs and behaviors, and how individual perceptions, identities, and motivations affect responses to information in consumer contexts.

RESEARCH EXPERIENCE

The Ohio State University, Department of Psychology

Independent Researcher, September 2025 — Present

Advisor: Professor Riana Brown, Ph.D.

Working on honors thesis. Collaborating with professors at different universities.

Social Problems and Action Lab, Department of Psychology, The Ohio State University

Research Assistant, February 2025 — Present

Principal Investigator: Professor Riana Brown, Ph.D.

Running online studies. Testing and proofreading surveys. Coding written survey responses.

Lab website building.

Cognition and Brain Circuitry Lab, Department of Psychology, The Ohio State University

Research Assistant, February 2024 — Present

Principal Investigator: Professor David Osher, Ph.D.

Coding facial recognition experiments from scratch in JavaScript and HTML. Completing literature reviews. Presenting scientific papers and research at lab meetings.

PRESENTATIONS AND WORKING PAPERS

“xxx.” Poster will be presented at the Ohio State University Spring Undergraduate Research Festival. Columbus, OH, xx 2027. (hopefully)

TEACHING EXPERIENCE

A Grade Ahead, Columbus, OH

Teacher, March 2026 — Present

Virtually teaching and tutoring math and English for all grades K–12.

SKILLS

Coding, data analysis, and visualization in R and SPSS; proficiency with Python, Javascript, HTML, and Qualtrics; experience with managing both in-person and online experiments
